Harbour Vascular Laboratory is an accredited provider of vascular ultrasound. Our laboratory is staffed by experienced and dedicated accredited vascular sonographers and state of the art equipment to ensure quality of service. We provide all patients easy access to a specialist vascular ultrasound service by **BULK BILLING** all of our ultrasound scans ensuring no out of pocket expense.

We Provide a Complete Service of Vascular Duplex Sonography for the Following Conditions:

- Peripheral Arterial Disease - Acute & Chronic
- Deep Vein Thrombosis
- Venous Insufficiency - Varicose Veins
- Cerebrovascular Disease - Carotid Stenosis
- Aorto-Iliac Arterial Occlusive Disease
- Abdominal Aortic Aneurysms
- Renal and Mesenteric Artery Occlusive Disease
- Endoluminal and Bypass Graft Surveillance
- Venous Compression Syndromes
- Popliteal Artery Compression
- Thoracic Outlet Syndrome
- Visceral and Peripheral Aneurysms

i Vascular sonographers are available by phone if you have any request queries

Same Day Service We can provide same day service Monday - Friday for any acute or urgent studies (eg DVT, acute limb ischaemia or TIA). Please contact the laboratory directly to have this arranged.

Reports Our reports will include the ultrasound worksheet for the referring clinician to review.

Communication The referring doctor will be contacted by phone if there is acute pathology requiring urgent treatment.

Urgent Assessment This can be requested from Dr Mayo Theivendran, Vascular & Endovascular Surgeon

Dr Mayo Theivendran FRACS
Vascular & Endovascular Surgeon

Mr Matthew Bell
Head Sonographer
